

Baseball & Softball Spring Registration

Even though it is still cold outside, spring baseball and softball registration is currently underway and will soon come to an end. We have baseball and softball programs for ages 5 to 20 years old. With over 700 children in our program, join one of Lake County's premier baseball and softball organizations. No resident requirements!

Ratings day will be March 4th and we will quickly move into drafting/assigning teams. To help make this process run smoothly we strongly encourage our families to register by February 28th. Therefore, starting March 1st there will be an additional \$25 fee charged. Register now to avoid the late fee!

Register Online

Access the registration website at www.lvtb.org. Payments can be made via credit card or by printing out a registration form and mailing it in along with a personal check. **Players will not be officially registered or placed on a team until payment is received.**
